

REMARKS/ARGUMENTS

The Office Action of January 11, 2008, and the Advisory Action of May 8, 2008, have been carefully considered.

In light of the Examiner's comments in the Advisory Action, applicant has amended claim 14 to specifically recite that the security circuit is a second, independent, separate electrical circuit.

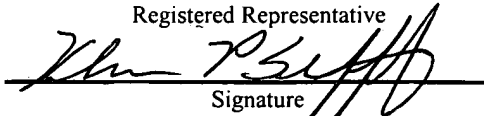

With this clarification, it is respectfully submitted that the combination of references relied upon by the Examiner does not teach the presently claimed invention. Therefore, it is further submitted that the rejection of the claims under 35 U.S.C. 103(a) are overcome and should be withdrawn.

Reconsideration and allowance of the present application are respectfully requested.

I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage as First Class Mail in an envelope addressed to: Mail Stop AF, Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450, on June 11, 2008
